
Lyme Petition and Lyme Letters Canada

SIGN THE
PETITION

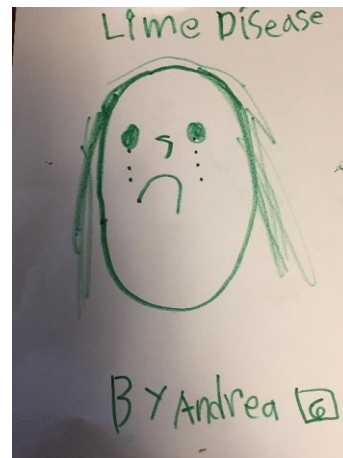

A Call out for: Lyme Disease sufferers, caregivers, family, friends or concerned Canadians regarding your experience with Lyme Disease in Canada.

The Purpose: of the Lyme Petition and Lyme Letters Canada Campaign is to collect as many signatures and letters as possible from Canadians from all across Canada regarding how Lyme Disease, and its co-infections have impacted your lives. All letters will be presented to Federal Health Minister, The Honorable Jane Philpott.

Many Lyme sufferers feel that their struggle is in isolation and that very few are listening. This campaign serves to **UNITE** Lyme sufferers across the country – our voices, our stories, our suffering – they matter. Together we will speak out and affect change! When we come together, we are strong.

We have a goal of **10,000 letters**.
Please join us and **add your story to ours**.
